

SEALEGS CANOPY SYSTEM

CANOPY PROTECTION FOR YOUR PONTOON WITH SEALEGS

Lake Area Docks & Lifts offers two styles of canopy systems to cover and protect your pontoon with Sea-Legs installed.

Now you can park your pontoon on shore using your installed Sea-Legs, and still get all the benefits of a ShoreMaster Canopy frame without having to bother with snapping your pontoon cover back on between excursions.

DOCK MOUNT SYSTEM

FREESTANDING SYSTEM

Choose the dock mounted Sea-Legs Canopy system when you already have a slip style dock system to attach the canopy to. Choose the Freestanding Canopy System if you do not have a slip, or if your existing dock system is not strong enough to attach a canopy to.

CANOPY COVER OPTIONS:

Shelter-Rite
MADE IN USA

Shelter-Rite is a "Made in America" quality vinyl product. Heavy duty tightly woven polyester fibers provide excellent tear, puncture & abrasion resistance. A high performance vinyl formulation keeps the vinyl pliable, crack and peel resistant, UV, mold, and mildew resistant. The 18 oz weight combined with heat sealed welded seams make Shelter-Rite vinyl the most durable and number one used vinyl in the marine industry. Flat matte, smooth finish makes clean up very easy.

Yellow	Red	Black	Brown		

Hydrofend

ALL NEW Hydrofend material packs powerful water repellency & long lasting durability into a light weight woven cloth. This 8 oz. polyester monofilament yarn has high tensile strength and increases abrasion resistance to hold up to the rigors of outdoor applications. A proprietary solvent armor up Hydrofend, making it 6 times more water resistant than non-coated cloth fabrics. Mold & mildew inhibitors and UV resistance keeps Hydrofend performing year in and year out. Welded seams reduce sewing. This lightweight woven cloth material makes it easy to install and remove, a mere 1/3 of the weight of standard vinyl material. Our boat covers have a 5 year warranty from the date of original purchase. This warranty includes the material and construction. (Burgundy and Red Hydrofend have a 3 year warranty on color retention)

Lilac/Blue	Red	Bronze/Sage				

RECWater

RECWater: The RECWater canvas is made of a solution-dyed acrylic fibers with PVC coating on one side, which makes it absolutely waterproof. The PVC coating is colored to match the color of the acrylic, making it possible to combine the elegance of the acrylic fabric with PVC's waterproof performance. The PVC coating is formulated to achieve perfect adhesion with the acrylic fabric. Unlike other products on the market, RECWater does not crack or roll and has excellent dimensional stability. RECWater weighs 16oz per yard, has excellent fade resistance, UV stable and treated with antimicrobial deterrents to combat mold and mildew.
